

9th Baltic congress of Endocrinology and ESE Clinical Update

April 4-6, 2019 | Riga

Dear colleagues,

On behalf of the Organising and the Scientific Committee, it is our great pleasure to invite you to 9th Baltic Congress of Endocrinology and ESE Clinical Update that will take place from 4th to 6th April 2019 in Riga, Latvia.

The ESE Clinical Update is an international residential event providing essential training for all trainees and an update for established endocrinologists.

Baltic Congress of Endocrinology is our traditional and well-founded event bringing together endocrinologists from Latvia, Estonia and Lithuania.

We invite you to get clinical update in endocrinology from the experts of the field and to share experience in the latest developments and novelties in endocrinology.

We are very pleased to host the 9th Baltic Congress of Endocrinology and ESE Clinical Update in capital of Latvia, Riga, near the Old city, to allow you to see and feel atmosphere of city.

Registration and abstract submission is now open
