# 03<sup>rd</sup> ISIDOG Congress

## PROGRAM

THURSDAY – OCTOBER 31<sup>ST</sup>

### ISIDOG PORTUGUESE SPEAKING DAY

- 07:45h      Opening of registration desk
- 08:45-09:00h **Opening, introduction and objectives**  
José Martinez de Oliveira (PT)
- 09:00-10:00h **SESSION 1 Feminine urogenital tract infections related problems updated**  
**Vaginal discharge: When & how is a syndromic approach adequate (15')**  
Filomena Martins Pereira (PT)  
**The sexual partner: Balanophostitis (15')**  
Carmen Lisboa (PT)  
**Vulvovaginal diseases that look-like but aren't infectious (15')**  
Pedro Vieira Baptista (PT)  
**Questions & answers (15')**
- 10:00-10:30h Coffee break
- 10:30-11:30h **SESSION 2 Vaginal ecology & atrophy – Atrophic vaginitis**  
**How to advise an adequate genital hygienic care (15')**  
Paulo Giraldo (BR)  
**Vaginal atrophy & atrophic vaginitis: The GUSM (15')**  
Fernanda Águas (PT)  
**The probiotic spectrum: Concepts & uses (15')**  
Ana Palmeira de Oliveira (PT)  
**Questions & answers (15')**
- 11:30-12:00h **SESSION 3 Innovation in therapy – Intracrinologic treatment**  
**VVA: Innovation in Therapy**  
**The importance of DHEA. Prasterona – *Intrarosa*®**  
Fernanda Geraldes (PT) & Maria João Carvalho (PT)

12:00-13:30h **SESSION 4 (Lunch symposium) Clinical experience with hpv vaccine: Who? When? Why?**

Rational for vaccinate women with previously treated & infected  
Pedro Vieira Baptista (PT)

Hpv vaccination after treatement: The experience in Spain  
Marta del Pino (ES)

13:30-14:00h **SESSION 5 Infections & contraception – The end of a myth**

Adolescence: One of the classical contra-indications to IUDs  
IntraUterine devices in Adolescence – *Levosert®*  
José Martinez de Oliveira (PT) & Paulo Giraldo (BR)

14:00-15:00h **SESSION 6 Genital infections**

New challenges in HIV infection & Zika in common practice (15')  
Ana Gonçalves (PT)

Recurrent vaginitis – How to diagnose (15')  
Tânia Freitas (PT)

When is a microbiome based test desirable & how to interpret the result (15')  
Márcia Guimarães da Silva (BR)

Questions & answers (15')

15:00-15:30h Coffee break

15:30-16:30h **SESSION 7 The microbiologic lab as an aid**

Urinary tract infection: How can we speed the diagnostic result (15')  
Cidália Pina-Vaz (PT)

Curable STIs: Classical or new methodologies? (15')  
Rita Castro (PT)

New options on perinatal Group B stretococcus colonization (15')  
Mariana Costa (PT)

Questions & answers (15')

16:30-18:00h **SESSION 8 Free communications & posters**

# 03<sup>rd</sup> ISIDOG Congress

## 03<sup>rd</sup> ISIDOG CONGRESS

18:30-18:45h **Opening, introduction, wellcome words & program overview**  
Gilbert Donders (BE)

18:45-19:15h **SESSION 1 Opening conference**  
*Chair:* Gilbert Donders (BE)  
**Coexistant life behaviours**  
José Martinez de Oliveira (PT)

19:15h **Welcome reception**

## FRIDAY – NOVEMBER 01<sup>ST</sup>

08:00h Opening of registration desk

09:00-10:15h **SESSION 2 Obstetrical & neonatal microbiology & Infections**  
**The vaginal environment throughout pregnancy (15')**  
Ljubomir Petricevic (AT)  
**Risk factors and pregnancy outcome of Candida in Central Africa (15')**  
Guy Mulinganya (CG)  
**Neonatal colonization with maternal flora (15')**  
Risa Lonnee-Hoffmann (NO)  
**Prevention of preterm birth as a political task (15')**  
Udo Hoyme (DE)  
**Questions & answers (15')**

10:15-10:45h Coffee break

## 10:45-12:00h **SESSION 3 Ob-gyn infections – Large topics**

CMV management update (15')

Yves Ville (FR)

Maternal immunization for mothers and offspring: Pertussis & more (15')

Kirsten Maertens (BE)

Respiratory tract pathogens causing genitoUrinary infections

(and vice-versa) (15')

Per-Anders Mårdh (SE)

ISIDOG Guidelines for a forgotten silent killer: Group A *streptococcus* (15')

Gilbert Donders (BE)

Questions & answers (15')

## 12:00-12:15h Exhibition area / Posters

## 12:15-13:45h **SESSION 4 (Lunch symposium) Vaginal strategies at large**

\* medinova

The important role of lactobacilli and estriol in menopause and restoration  
Gilbert Donders (BE)

Maternal microbiome and pregnancy complications:

Therapeutical implications

Daniel Surbek (SH)

Dequalinium Chloride in bacterial vaginosis: New evidence for a valuable biofilm disruptor

Ana Palmeira de Oliveira (PT)

## 13:45-15:00h **SESSION 5 Vulvovaginal infections – I**

Teaching impact on diagnostic performance (15')

Werner Mendling (DE)

New insights of understanding and treatment of recurrent bacterial vaginosis (15')

Jack Sobel (US)

Microbioma and biofilms – New diagnostic and therapeutic options (15')

Tatiana Ivanova-Rumantseva (RU)

Vaginal lubricants & Infection (15')

Rita Palmeira-de-Oliveira (PT)

Questions & answers (15')

# 03<sup>rd</sup> ISIDOG Congress

15:00-15:30h Coffee break

## 15:30-16:45h SESSION 6 Vulvovaginal infections – II

Antifungal resistance of *C albicans* (15')  
Jack Sobel (US)

Environmental explanations & mechanisms for *Candida spp* resistance (15')  
Acácio Rodrigues (PT)

Probiotics for Candida vulvovaginitis? (15')  
Sarah Lebeer (BE)

Herbal oils for vulvovaginal problems – Uses, Inconvenients & Challenges (15')  
José Martinez-de-Oliveira (PT)

Questions & answers (15')

16:45h End of Sessions of the Day

## SATURDAY, NOVEMBER 02<sup>ND</sup>

08:30h Opening of registration desk

## 09:00-10:15h SESSION 7 STIs

How HPV compromises fertility (15')  
Christoph Depuydt (BE)

The vaginal microbiome of adult women as a predictor of cervical HPVI (15')  
Camila Marconi (BR)

Partner tracing of STI (15')  
Peter Greenhouse (UK)

The STI strategy in view of Fast-sex app (15')  
Paulo Giraldo (BR)

Questions & answers (15')

10:15-10:45h Coffee break

**10:45-12:00h SESSION 8 PROBIOTIC APPROACHES**

Prevention of preterm labor: Do we use probiotics or it is all in the genes? (15')  
Bo Jacobsson (NO)

Probiotics in BV/AV: STI prevention (15')  
Pear-Göran Larson (NO)

Food & other oral probiotics & vulvo vaginal health (15')  
Paula Teixeira (PT)

Probiotics profile is changing: From supplements to devices  
to pharma drugs (15')  
Ana Palmeira-de-Oliveira (PT)

Questions & answers (15')

12:00-14:00h Exhibition area / Posters / Lunch

**14:00-15:15h SESSION 9 Technological developments**

HPV methylation testing as a diagnostic tool (15')  
Carlos Sousa (PT)

Modulating the vagina as route for drug delivery (15')  
Rita Palmeira-de-Oliveira (PT)

Speeding the answer in antibiotic susceptibility testing (15')  
Cidália Pina-Vaz (PT)

Electronic devices for POC diagnosis of infections:  
“eNose” and “eTongue” (15')  
Luiz Pereira (PT)

Questions & answers (15')

**15:15-17:00h SESSION 10 Free communications & posters discussion**

The 3<sup>rd</sup> Infectious Diseases in Obstetrics and Gynecology (ISIDOG) Congress will bring you practical update and lots of breaking news on common infectious issues you deal with in your daily practice.

### REGISTRATION FEES

	EARLY FEE Until September 30, 2019		REGULAR FEE After September 30, 2019	
	Portuguese session (31 Oct.)	All sessions (31 Oct. – 02 Nov.)	Portuguese session (31 Oct.)	All sessions (31 Oct. – 02 Nov.)
ISIDOG member	€ 70	€ 300	€ 120	€ 350
Non ISIDOG member	€ 120	€ 400	€ 170	€ 450
ISIDOG member student/resident*	€ 50	€ 100	€ 100	€ 150
Non ISIDOG member student/resident*	€ 70	€ 200	€ 120	€ 250
Nurses/lab technicians	€ 70	€ 200	€ 120	€ 250

\*Written confirmation necessary to verify your student/resident status
